EMPOWER YOUR PRACTICE

Scleral and Specialty
Lens Workshop
New Technologies

Doctors & Contact Lens Fitters

What is it?

Come see why your peers have switched to the easiest to fit scleral lens on the market - **Atlantis™ Scleral**. Learn about the newest Atlantis technology - **Multifocal** and the revolutionary **3D-Vault with Limbal Control Technology** - **it's more than oblate**. The main focus is on the 1-2-3 easy fitting of the lenses and the potential benefits that scleral lenses can offer for the right indications. An interactive hands-on workshop will provide the attendee a higher level of confidence in fitting and evaluating a scleral lens with the option to try-on the comfort of a scleral lens.

Where?

We are hosting an Empower Your Practice workshop for the San Joaquin Optometric Society members at Zeiter Eye Medical Group on **Monday, March 20, 2017, at 6:00 PM** and would love to have you join us.

Zeiter Eye Medical Group
1801 E. March Lane
Suite C-350
Stockton, CA 95210
